## **FSAE SOFTWARE TIMELINE**

PROJECT TITLE	FSAE Software	TEAM NAME	FSAE
PROJECT MANAGER	Aidan Mcdougald	DATE	9/25/24

PHASE		DETAILS															16
			SEP				ост				NOV						
	PROJECT SPLIT:		2	9	16	23	30	7	14	21	28	4	11	18	25	2	9
1	Documents	- Software Development Plan Document [Complete]				Software	Development Plan Documer										
		- Written Status Reports					Written Status Report		Written Status Report		Written Status Report		Written Status Report		Written Status Report		
		- Oral Status Reports															
		Software Design Description     Document [Archiecture Section]								Software Design D [Archiect	escription Document ure Section]						
		Software Design Description     Document [Detailed Section										Software Design Descri Se	iption Document [Detailed ction]				
		- User Manual Final Updates										User Manua					
		- ALPHA/BETA/Critical Design Review Presentation/Demonstration											ALPHA/BETA/Critics	al Design Review Presen	tation/Demonstration		
		- Final Documentation Updates															,
		- Final Project Presentation															
		- Final Report													Final		
Softwai		- Database CSC													_		
	Coffware	- Input Observer CSC															
		- Data Management CSC															
		- Telemetry GUI CSC								Telemet	ry GUI CSC						
		- Traction Control CSU															
		- Virtual Differential CSU															
	Software	- Suspension Motor Controller CSC										Suspension Mo	tor Controller CSU				
		- Steering Wheel Unit Processor CSC											Steering Wheel Unit Processor CSC				
		- Safety Check CSC											Safety Check CSC				
		- Power Draw Monitor CSC												Power Draw Monitor CSC			
		- Graphics Interface CSC												Graphics Interface CSC	:		
		- Suspension Kinematics CSU													Suspension K	inematics CSC
