CMSI 401 Project Status Sheet
Fall 2005

Name:	Leo Dai, Lawrence Benitez, Conner Ryan Petersen, Aiden McDougald, Evan Steinhoff	**Date**:	11/13/2024
Project:	FSAE Software	**Period Covered**:	October 31th - November 13th

Accomplishments since last report:

   ☐   Meet up as a group to work on the Software Design Description Document [Detailed Section]

   ☐   Found a proper Golang library to access Postgresql databases and was able to successfully talk to the database.

Scheduled tasks to be done by next report:

   ☐   Finish API scripts to insert/query data from the database (18 November)

   ☐   Start implementing features for the Telemetry GUI App (28 November)

Current Hurdles

   ➢   The current library we are using to access the postgresql database (PGX) for some reason is unable to get the proper typing for date (Postgresql data type).
